

**DIRECTOR OF INFORMATION SYSTEMS
MARYLAND HEALTH BENEFIT EXCHANGE**

LOCATION: Baltimore/Annapolis

NATURE OF WORK: The Maryland Health Benefit Exchange (Exchange) is an independent public corporation charged with implementing important elements of federal health reform legislation. The Director of Information Systems shall be responsible for all information technology (IT) functions throughout the Maryland Health Benefit Exchange (Exchange), including both long-term planning of technology initiatives and arranging to meet the near-term requirements of a functioning agency and a public, high traffic web site. Specific duties include: provide technology vision and leadership for the creation and implementation of the information technology initiatives that support the successful implementation of the Affordable Care Act and state health reform laws; design the architecture for complex systems with constantly evolving requirements; coordinate existing public IT infrastructure to interface with private health care systems; develop, coordinate and deliver multiple IT projects within specified time frames; develop strategic relationships with Maryland's health agencies, private health organizations, vendors and consultants; represent the Exchange at federal and state forums as appropriate; coordinate development, implementation, and maintenance of the Exchange's website, etc.

MINIMUM QUALIFICATIONS: Bachelor's Degree in an Information Technology field with at least 6 years of experience (including 2 as supervisor/manager) in the design or execution of data systems in the public or private health care area; a Master's Degree in computer science or related field strongly preferred.

The preferred candidate demonstrates: significant successful experience in designing systems architecture and executing systems integration projects; experience in managing groups of analysts and developers working on complex system projects to meet deliverables with tight timeframes; ability to communicate with and support the technological requirements for internal and external clients; strong operational, organizational and negotiation skills; health care background and knowledge of both the public and private sectors preferred; team player with excellent interpersonal skills and the ability to work within a very fast-paced, newly created organization.

BENEFITS: Excellent state benefits and leave package.

SALARY: Negotiable.

HOW TO APPLY: Submit resume or State application form MS-100 by no later than June 28, 2011 for fullest consideration to:
